

Give your autoclave a second life.

Upgrade your existing autoclave to meet today's performance, digital and sustainability standards

Financial gains

Save up to 50% compared to purchasing a new autoclave.

Minimize service disruption

A 1-month operation downtime, compared to 2 to 6 months for a complete replacement.

Functional gains

Unlock immediate functional gains with iTech software ergonomics, digitalization, and network connectivity.

before

after

They trusted us with their retrofit :
